## **ABSTRACT**

This document represents the required format for abstract preparation for submission to the **International Conference on Education**. By having a standardized submission format, the editor and reviewers can make the assessment process clearer and smoother. This template assists the author in familiarizing with the **International Conference on Education** submission format. On writing the actual abstract it should **not exceed 250 words in a single paragraph**. Rather than an introduction, it should be a concise summary that clearly outlines the paper's rationale, methodology, findings and **contribution**.
